

Ventilation Duct Hose Specifications

TEMPERATURE RANGE	-10° C to 80° C (Up to 100° C short time temperature)
STANDARD LENGTH	10 mtrs
STANDARD COLOR	Yellow, orange
WALL THICKNESS	0.38 MM and Above
Air Velocity	35M/sec
STANDARD SIZE	6"(150mm) to 30" (750mm)

Characteristic of Ventilation Duct Hose

- Highly flexible & adjustable.
- High flexibility & expansion: compression ratio 30:1.
- Skeleton: carbon steel wire with ultimate strength.
- Pipe wall: high flame-retardant mesh fabric.
- Anti-acid & alkali, corrosion fume, and anti-aging.
- Wear-resistant and durable.
- Compliance with ROHS regulations.
